

Wiltshire Class	RB	Learning Overview - All about me			Term	I
Maths	Writing	RE	Science	History		
This term will heavily focus on building on our understanding of number and place value from previous years. Alongside these, we will expand our knowledge of addition and subtraction strategies as well as shape (Wilt.1) and multiplication and division (Wilt.2)	This term, we will be writing a recount following a story structure to innovate their own story. We will ensure that our basic skills such as full stops and capital letters are in place. Our kinetic letter programme will help us improve our writing positions and letter formations.	In this unit pupils will explore the idea of belonging to a religious community through case studies. They will hear from different Jews to see that Shabbat can be marked in diverse ways and understand that churches can take many forms in Christianity.	This term, the children will be learning about their bodies. They will label and name different body parts and explore their functions. They will also learn about the skeleton. We will investigate why we need a skeleton and how bodies can be different.	In History, we are studying timelines. The focus will be on creating individual timelines for each child. Which year was I born? Which century? Was I alive ten years ago? Which key events can I place in order using key vocabulary?		
Art	Computing	PSHE	Reading	PE		
In art, we will be exploring portrait art. We will use different media to make our own portraits using mirrors to carefully study the details of our face. We will create portraits in the style of Giuseppe Arcimboldo.	This term, our focus is on how to be safe in a digital world. We are using Purple Mash to learn that people can present themselves differently online and to begin thinking about identity and how we present ourselves. What makes us unique?	In Term 1, our unit is 'Me and my Relationships'. The focus will be on exploring which people we have special relationships with, how we look after our relationships, overcome disagreements and value everyone's feelings. This includes family and friends.	In our reading lessons this term, we will be studying different short stories that link to 'All about me'. We are using a guided reading scheme called 'Steps to read comprehension' which really supports us in answering questions about a text.	This term, children will be learning about ball skills. The focus will be on fundamental ball skills such as rolling, throwing and catching as well as controlling the ball before working with a partner or as a team. Key skills are: coordination, balance, control and turn-taking.
