

Reverse Advent Calendar

As it was so popular and a great way of supporting our community last year, we have decided to do a reverse advent calendar again in December.

With a standard Advent calendar you open a window or door each day during the first 24 days of December. Though traditionally you'd just see a picture behind that window, you'll now get everything from chocolate and toys for the kids, through to beer and cheese for adults.

A Reverse Advent calendar is different in two very important ways. First, it switches it so that rather than taking something each day, an item of food will be put into the Reverse Advent Calendar. Donations will then be packed up and given to the Westbury Foodbank. Every donation, no matter how small, is important to help others practically but also to give people hope in knowing that other people care. Through this project, we are helping others in our community, and hope that the children will learn the value of giving not just receiving.

How will it work in the classroom?

Each child will be given a date and on that day in December they are asked to bring in their donation. As a class, we will see the donations increase as Christmas draws upon us. At the end of term, the children will then donate their gifts to the Westbury Foodbank.

Please see the attached list of what donations are most required for the Christmas Appeal.

Thank you for your generosity in donating to our Reverse Calendar in aid of the Westbury Foodbank.

Kind regards

Miss Duval, Mrs Knox and Team 10
